“ Mrs. Barry was the most memorable teacher that I have ever had. I was blessed to have Mrs. Barry as a kindergarten and first grade teacher her first two years at Paddock. I have a specific memory of Mrs. Barry giving me the coat off of her back during a fire drill in the middle of a snowstorm because she saw how cold I was. Mrs. Barry was a special soul and she will always have a place in my heart.

“ I'm so saddened to hear of Mrs. Barry's passing. She was a great kindergarten teacher and all these years later the memories of all the fun I had in her class stay with me. I'll never forget my first day in her class and getting my dinosaur name tag, It made feel so at home. My thoughts and prayers are with the family at this difficult time.

Sincerely,  
Brandon Seiler

“ I am so sorry to hear of Carol's passing. I met her when I first started in District 15 in 1997. She was a program assistant in one of the early childhood classes that I serviced as a speech/ language. We became friends and I so enjoyed watching her make her way to becoming a fabulous teacher. I am heartbroken to hear that she was taken away from her family and friends at such an early age. Sending thoughts and prayers to all

“ Carol and I go way back to the time when she was an EC5 teacher and I was her classroom occupational therapist. We learned a lot from each while enjoying every minute... well, almost every minute! Along with Laura, her program assistant, we not only were a great team, but we became good friends. I remember a trip we took at night to Lurie Children's Hospital... long before there were navigation systems. We thought we knew how to get there, but of course, we didn't! We got lost and stopped in a less than desirable area to ask for directions. We survived! Those giving us directions were quite nice and helpful! The happy look on that child's face when we walked into the hospital is something we will always treasure as was his mother's expression of surprise and gratitude for us making that long journey at night. As unfortunately happens, time and distance made our contacts infrequent, which I do so regret, we did do a dinner together a few years ago and reminisced about those EC5 days. We also shared in each other's joys of family life through Facebook. We shared that bond of both recently becoming grandmas. Carol's untimely passing is a wake up call to me. To seize the day, to treasure one's family and friends, to stop and take in the world, to laugh, have fun and to make this moment count because tomorrow is promised to no one. So, Carol is still teaching from heaven. Thank you my dear friend. I carry a piece of you in my heart. You are missed but never forgotten.

“ I don't have the words to express how sorry I am to hear of the passing of such a wonderful person. I knew Carol as a child through her niece, Sarah. She always was so warm and inviting every time I saw her. She made you feel like part of the family. My thoughts and prayers are with her family and all those that loved her. I know she is with her brother now and heaven has gained another angel.

“ I am heartsick for the loss of such a wonderful person. Carol has been a fantastic mom and grandma, aunt, sister-in-law, teacher, and friend. We met back in college, not knowing I would someday join the family. Although life took us us in different directions, I was so happy to become reacquainted with Carol this spring. The world has lost a sweet soul, but I know she is with her parents and brother in Heaven.

“ Mrs. Barry was a wonderful teacher and our youngest enjoyed having her as his teacher. She was great with all those kindergartners who were so very nervous during their early days at Paddock. Thinking of her family during this sad time and wishing them comfort in the days and weeks ahead.
