Andy was so proud to have achieved the "American Dream". He came to America with almost nothing and through his hard work he built his machine/engineering company. He was passionate about his work and engineering. An innovator and inventor with several patents pending, Andy leaves a lot of projects and inventions that remain unfinished. He loved nature, especially water, lakes, fishing, boats and his jet skis.

Andy was the adoring husband of 24 years to Barbara (nee Brzeska); loving father of Alex A.; dear brother of Marian (Teresa) Szozda and Waldemar (Malgorzata) Szozda of Rybnik, Poland; fond uncle of the Przemyslaw Szozda; friend to many he will be missed by all those whose lives he touched.
