I was beyond devastated to hear of the loss of such a kind, respectful and charismatic young man. Austin and I spent a lot of time together during his high school years and this tragedy hits hard. I will always remember his smile, his honesty, and his overall warmth of character. Sending love, prayers, and strength to his loved ones during this challenging time.

“ Austin and I went to high school together and didn't always get along. I hadn't thought about him in years until a while ago when he messaged me and just apologized for everything that happened in high school. He had truly become an amazing person. He was kind and funny. Austin has always had this personality that could never be matched. I was crushed when I heard he passed and I honestly still am. Austin and I weren't close but he left such a mark in my life. He didn't have to apologize I had already forgiven him and moved on, we were kids but he did and I will forever be grateful. He will be missed by so many. ❤️

I was shocked to find out that Austin passed away. We purchased 2 vehicles from him and he bent over backwards and was always available for any of our questions or concern. We began a bond with him and we were ready to buy another vehicle from him. 🙏🌹

I went in to lease a vehicle but I was so impressed with Austin I purchased my car instead. Austin was an excellent salesman at such a young age. He followed up with me for many months after my purchase just to make sure everything was okay. I was so sad to go into the car dealership looking for him today to find out he had passed away. He definitely left an impression on me that will last a lifetime. My condolences to the family, you are in my prayers 🙏

“ Austin was the light in every room! The day i met him, i threw a party with my friends at their house. ive never met austin before, but his friends ended up being kicked out of our party hha! then he called me the next morning bright and early and i was so confused and he said he left his keys here. i went and let him in and his air tag was going off in the TRASH CAN! haha it was hilarious. i aspired to be like austin, and looked up to him. how hard working he was, how he was able to provide for morgan. his advice was like non other. i loved him then and now. ill miss you friend forever and always <3
