“ Fernando,

I admire you as a hard working professional. Whenever there's a job request, you always response promptly. No matter it is weekend, late at night.

I also admire you as a knowledgable person. You are not only knowledgable in your professional areas, but also rich on almost every subject in life. I always learned something from you via talking to you. You must read or learn all the time!

You are an honest person that I can trust. Since I start working at the real estate field on 2007, I worked with many contractors, plumbers, electrician,...etc, only two out of the "many" that I can trust, you are ONE of the two, and I can trust you the most.

You are such a responsible person that whenever I ask you any service, I have nothing to worry but relax. You always execute everything that needs to be done, even you encountered some obstacles.

I am really lucky to have the opportunity to know you in the last 5 years. It is really an enjoyable experience to work with you and get to know you.

I will miss those days that we chat (You, Barbara and I) at your place, sharing perspectives, various thoughts.

You will be in my memory for a long, long, long time ...
