“ *Uncle Glenn, I will never forget all the time I spent with you as a kid. Whether it was going to a party at Aunt Kris or Grandma LaVerne's house, swimming at Uncle Scott's, playing softball at the park, bringing me to Lindsey's softball games, or helping me build an invention for one of my class projects. I have watched you be a great husband to my aunt, a wonderful father to my cousins, and an awesome grandpa! You were the best brother-in-law my mom and dad could ask for and Uncle to Eric and I. It always amazed me how hard you always worked. You were always there to lend a hand without a complaint. You are missed dearly! Love you Uncle Glenn!*

“ *brother Glenn, my brother Glenn always loomed in the background of my life- I say loomed because he was a big guy- he was a working guy- in the good sense both professionally and in his personal life. Always willing to help when he could,we all knew his family came first. I spent days trying to put up cove molding in my living room and finally gave up after ruining a lot of it my big pieces became little pieces. I finally gave up and called my brother Glenn, he was busy but came over anyway, he looked at what I was doing and started laughing told me I was making the cuts backward. I tried to argue but he showed me the right way and then proceeded to put it up. What took me days and a trip or two to buy more, he did in an hour. It cost me a beer. That was my brother Glenn he did it right and did it well like he lived his life. He will be much missed. there is now another good carpenter to share the load in Heaven. Jesus please take care of my brother he's one of you and a good one.*

“ *Uncle Glenn, I have one true true memory of you aside from the several here and there fun times. I was about 7 and you and uncle Dan tickled the heck out of me. We were at grandma’s house by where her reclining chair in the fur place room lived. I laughed so hard I almost puked! You guys were always hilarious together. I’ll miss you both always....Beth*

“ *I worked with Koehler as we called him for several years. He was a craftsmen of the highest order. I'll never forget the little dance he did when a song he liked came on the radio. He always had time to show us new guys something and was a level experienced guy to talk to since most of us young guys were newly married and starting out. I spent day in and day out with Glenn for years and I know writing this for him today I am a better person for having known such a great man. I was proud to call him my friend . I'll never forget you buddy. Thanks for everything*

“ To my dearest Uncle Glen...I will be forever grateful for the time spent with you and Dad at the brown house. Grateful to how awesome you were sweating your butt off cause he was so cold and grateful to have spent those days with you. You are one of a kind...often imitated but never duplicated. I will miss you and your quiet humor and big presence you bring anytime we were together.
