“ I met Greg through mutual friends in flying remote control aircraft. Greg and I seemed to have a connection right away. I always admired how hard he worked and how hard he played. When he created his own grass runway to fly his planes I knew he was hooked. He offered up his home, time and friendship to all those that were sincere to him.

We became great friends and we spent many hours building planes together in his shop. He found great joy in building and flying because in those moments his wasn't thinking about work or any life challenges he had going on. We spent time together and had some "deep" conversations about everything after flying. I am heart broken and my prayers go out to his family and friends. I will never forget his loud greating when he saw me arrive... "there is my flying buddy Bobby!, man am I glad to see you!... now we can have some fun!!!" RIP Greg - Bob Mosinski

“ Greg was not only my friend and mentor but a man I respected and thanked for his continuous advice and kindness. A unique man that was proud of his accomplishments and used his success to enrich the lives of those around him with friendship and love. Rest in peace buddy and may your family and friends remember the bright light you shined on is all...

“ Priscilla and I met Greg and Nana over 3 years ago on our honeymoon in Mexico and we have been doing things together ever since. Greg is a great friend and always kept us laughing. We always looked forward to riding together and finding new destinations. I know Greg will always be right next to us jamming his tunes and riding hard and fast. We will always have him in our hearts and he will never be forgotten. Save us a parking spot brother as we will meet again some day. MLAR
