“Nan had so much energy and love in her heart that it just spilled over to those around her. She was devoted to God and lived by His word. Now she has been called Home to the others she loves and we will all miss her smile and lovely blue eyes. I will always cherish the last note she sent me. Bonnie

“On Saturday, I posted the following on Facebook, and if you’ll pardon, I think it bears repeating because it’s everything I feel about my Aunt Nan.

“Today my beautiful Aunt Nan passed and left her entire family with the true lessons of life. Be kind, be polite, be loving, have faith, be passionate about what you believe in, and most of all, love and care for your family. I will never forget because she lived by example. I will miss her forever.” ❤️

She was everything to our family, the bond that held us all together. She was an amazing sister to my Mom, and was truly the family caregiver. She could be feisty and hysterically funny and gave the best hugs. You always knew she loved you.

When I got married she got everyone up out of their seats and put my husband and me in the center. She asked everyone to hold hands and form a circle around me and my husband. I asked her what we were doing? Her response was, “don’t worry, it’s tradition.” Then the band struck up the music and everyone started to sing Let Me Call You Sweetheart. Afterwards, with tears in both of our eyes, she hugged me and said “that’s how you share your love with the bride and groom.”

She was one of a kind and I will love her forever ❤️

“ We would like to express our sincere sympathy to all of Nan's family. Our thoughts and prayers are with you during this difficult time. We have such great memories that we will cherish forever. We laughed and cried together, but laughter seemed to always win. Never have we met a stronger lady and we admire that strength, determination and energy. (we always said we needed her batteries!) She will live in our hearts forever..Love, Deb and Ken

“ Aunt Nan or as I used to call you the Everyready rabbit you did more things and had more energy then my mom or myself and Mom would always comment about that nothing ever slowed you down. You are the last of the original Larsen’s and I’m sure they were all waiting for you to give you their hugs and kisses. Please give my mom a big hug and a kiss and tell her I love her and miss her, she loved you like a sister you guys would talk on the phone for hours and she always loved that. I always loved getting emails from you and keeping me up-to-date on everybody in your family. You are so blessed with such a great family. Love you aunt Nan the one thing I will really miss is my yearly birthday card you would send me ever since I was a young girl and would write something very loving in it. You will be in my heart forever and I will miss you dearly. Love you Debbie
