“ To the entire Dobberstein family, and Jenna's loved ones, we express our sincere condolences on behalf of the UIC Honors College team.

*I met Jenna at our Honors College COMPASS session in June, where we joked about high school rivalries. (I'm from Hanover Park, and went to Streamwood HS.) We bonded right away, and I was really looking forward to being Jenna's HC advisor and having her in my Honors 101 course.*

*One of the things that struck me most about Jenna that day was her smile and her warm, fun-loving personality. Though our time together was brief, I could tell she was beautiful inside and out. She had that light about her from the moment she logged into the session.*

*Our thoughts and hearts are with Jenna, her family, and all who loved her. Keeping you all close at heart. May you all feel the grace and love that surrounds you.*

“ My dad and I want to send our deepest condolences to the entire Dobberstein family. Jenna always saw the best in me and adored my dad. Her voice calling out "Mr. Q!" is forever engrained in my memory and never fails to bring a smile on my face. Her fierce but friendly attitude is one of a kind. From 3 camp paradise trips together to an added bonus Camp Paradise our dads set up on their own. Plus a couple of fancy father-daughter dances on Valentines weekends. I would catch her in church and she would always give the best hugs, she would always hype me up on social media whether that was Instagram or Snapchat. Her 8th grade graduation party was one of the most fun I had the privilege to be invited to, and was one of the highlights of that summer. For sure her high school graduation party would've been just as amazing. I never doubted that she had so much care and affection for all her friends. I'm honored to be one of them. Sending all the love, keeping the whole family in our prayers.

“ I have Jenna’s smile engraved in my memory. She was every teacher’s dream come true and as her fifth grade teacher she filled my days with pride and joy. Her beautiful handwriting made me jealous and I convinced her to give me several packets of her work so I could, in the future, use as key. I am heartbroken and I pray that the Dobberstein family will find peace in knowing that even though their beautiful daughter’s time with us was short, she left a legacy of kindness and hard work.

“ I had just moved here for my senior year, which was difficult. Jenna was such a source of joy and kindness and reminded me of the good there is in the world everyday. She sat behind me in anatomy class, she would always put 100% into her work and was so intelligent, and on top of that everyday she would wear a beautiful smile, made more beautiful by all the kind words she shared.

“ Jenna will always hold a special place in my heart. She was an incredible student with such a kind heart. Jenna handmade a piñata for my kids that I actually never let them break into because it was so beautifully made. It was the nicest gift I have received from a student because of the thought behind it. I will keep it forever in her memory. My heart aches for the Dobberstein family. May Jenna's spirit be eternal through memories of her.

“ I taught Jenna in 8th grade at Carl Sandburg. Academically, she was one of the most intelligent and hard working students I have ever taught. But as a person she was even more remarkable. I remember her as very kind, full of compassion, and always having a loving heart towards others. She was truly an amazing person!!

*I'm so sorry - my deepest condolences to her parents and sisters. May God comfort your hearts and bring you peace during this difficult time.*

“ I was lucky enough to know Jenna in class as a freshman and a senior. This year Jenna thrilled me with her patience with and her love & enthusiasm for the Macaron! She gave an enthusiastic informative speech last semester and passed out her homemade cookies to the whole class. Her dedication, perseverance and good nature put everyone at ease and she was everyone’s smiling face of support in the audience. This wasn’t the first or last time Jenna brought her love and light to our classroom.

*I cannot imagine what you are feeling. Just know she was loved by all and left a lasting impression on us all- I will never see a macaron and not think about the beauty, intelligence and kindness of your little girl Jenna.*

*I wish you vivid memories and a little less pain each day.*

She was hardworking, thoughtful, and always came to class with a positive attitude and a smile. Jenna was simply a good soul! (And a great baker too! I’ll always remember my homemade birthday cookies from her)! My sincere condolences to her family, friends, and teachers. She was loved by so many and will be so, so missed.*

“ I had the privilege of having Jenna in my 5th period Anatomy & Physiology class this past year. She was the smartest kid I've ever had in my 6 years teaching and had the most humble and kind way to correct any keys that were miss-keyed (haha). I asked her to help me run the GEMS (Girls in Engineering, Math and Science) event for D211 in February and she was a pro at it. When she asked me to write a letter of recommendation for her to college, I didn't even bat an eye. I have a special, unbreakable bond with all of my students but Jenna had such a mature, beautiful, and unique soul that, as an educator, you don't usually see in an 18-year-old student.

*My deepest sympathy to Jenna's sisters, family, friends, and teachers.*
