“ *Jeremiah was a true patriot, and a man of God. Having had a father that lived his entire professional life in the military, I felt a special connection to Jeremiah. I always called him "SIR" out of much to the Man and the Rank! The world was a better place because of Jeremiah!! I will miss his "SALT"!!*

My Dad was a brave man, a Korean War Veteran and many years in the Auxiliary Coast Guards saving so many people.

I worked with your Dad a couple years at the Egan Water Reclamation Plant in Schaumburg from 1990 until he retired in 1992. I was a Treatment Plant Operator. My first big storm was with him and we lost power to the plant to make things interesting it was good having a smart and experienced Operating Engineer on duty. After he retired my family had the pleasure of visiting him and his wife at his cabin he built. I wish I had kept in touch with him as he was a good and caring man.

Kathy Pope, One day I'd love to share a story about how your Dad positively impacted my entire family. I'm very thankful for him.

“ One of my favorite memories is sitting in Jeremiah and Robins home watching him with Bentley playing with the toys. He loved his pups! I also loved how his face would light up when he looked at Robin especially when he didn't know anyone was watching. He loved his sweet wife and loved going to worship together. He will be missed.

He was my Father...a wonderful man. So rough and tough and sweet and loving at the same time. He was such a hard worker, great Dad, great coach. I loved going fishing with him for so many years. We would rent a cabin in WI every summer. He was always bound and determined to catch a giant muskie...well, he never did, but we had a great time trying. He was very talented on so many levels. He built awesome R/C airplanes that we would go fly, had an amazing train layout in the basement that he worked on for years. We loved watching it run thru the whole world throughout the basement. He was an amazing guitar player and loved to play and sing Irish folk songs. He was always keeping busy, and all of us involved. I like to think I inherited my strength, wisdom, and independence from him.
