“ Very sorry to hear of Sue's passing. I worked with her for many years at DCMA and she was one of the great people I had the good fortune to work with. The MOCAS system was the background for all of us there. I remember her and her co worker Kathy calling me 'modzilla' after the mod application. DCMA was a great place to work and Sue and others made it that way. May she rest in eternal peace.

“ Sue & myself and others worked on a FASST Team in Chicago office. Working with her and others was great. Travels to many locations to work on projects. After retirement we would get together for lunches & remember the great times. Will miss this wonderful lady.

Working with Susie was easy since she always had a an idea for fixing a problem when we ran into a “bug” with what we were readying for use across the United States. Her can do attitude made work easier. May she be remembered in peace.

My condolences to the family & friends of Sue Pepper. What an asset Sue was to DCMA. When I hear Sue's name I think of Mocas and the Fasst team . People knew her from across the country to solve their problems in Mocas. All the smiles she created for solving their issues. Bless you Sue, time has told you to move on to your next destination. Will miss you.
